

# TEANECK SWIM CLUB COVID GUIDELINES

In accordance with New Jersey and CDC guidelines, **the Teaneck Swim Club will no longer require masks for fully vaccinated members and guests.**

Fully vaccinated is defined as:

- 2 weeks after the second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine

We will not require proof of vaccination status. As the Teaneck Swim Club evolves its practices in compliance with the CDC and NJ Department of Health, we encourage you to practice health and safety measures that make you most comfortable.

**Children ages 2-11 are still required to wear a mask when visiting the Teaneck Swim Club.**

**If you are unvaccinated, we ask that you please continue to wear a mask while inside the Teaneck Swim Club grounds to protect those who remain at risk.**

**If you are immunocompromised, it is recommended that you continue wearing a mask in all public settings, including the Teaneck Swim Club.**

**No matter your vaccination status, please refrain from coming to the Teaneck Swim Club when not feeling well. If you are feeling unwell, wear a mask to protect others.**

**Mask wearing is permissible at the Teaneck Swim Club by any member at any time.**
